

DIFFERENCE NOW HAS A NAME ...

PRECAST CONCRETE

**SYM-TECH**

SYM-TECH is a manufacturing company that has been operating in the field of precast concrete since June 1994. We specialize in top-of-the-line customized architectural elements for residential, commercial or industrial projects. Our reputation is based on the quality of our products and our customer service and technical support.

SYM-TECH makes concrete products in a controlled environment plant to guarantee a high quality, uniform product.

Our plant and facilities are located at 8600 Ouimet Avenue in St-Hyacinthe (Québec, Canada).
